PROFILE

Railway professional with 4+ years in safety-critical rail operations, from real-time train traffic control and programming in Trafikverket's operational traffic control system (TLS) to leading railway track-work projects for the infrastructure owner. Experienced in project planning, risk management, incident handling and coordinating multiple teams and stakeholders in a 24/7 environment where operational safety and security are non-negotiable. Combines hands-on knowledge of railway operational technology (OT) with an IT background and AI-assisted automation. Fluent in English and available after a two-month notice period.

WORK EXPERIENCE

May 2026 – Present

Chief Track Work Supervisor (Huvudtillsyningsman, HTSM) | **LD Järnväg och planering AB**

Overall responsibility for electrical safety, traffic safety and the work environment during track work. Operationally responsible for planning, coordinating and risk-assessing complex railway projects to ensure an accident-free and efficient worksite.

- Traffic safety (TTJ)
- Risk management and protection measures (A-skydd, E-skydd, L-skydd, S-skydd)
- Work environment responsibility
- Communication under pressure
- Coordination and logistics

September 2022 – May 2026

Train Traffic Controller / TLS Programmer | **Trafikverket (Swedish Transport Administration)**

- Responsible for traffic control of rail-bound vehicles: trains, shunting, movements within track possessions, etc.
- Handling of incidents involving accidents, near misses and deviations
- Traffic stops at the request of authorities (police, rescue services, ambulance)
- Work carried out in accordance with the Swedish Railway Traffic Regulations (TTJ)[1]

Skills strengthened during my time at Trafikverket

- Safety mindset/culture – actively working with sensitive information and its handling
- Stress management – acting in situations involving danger to life and property
- Multitasking – keeping several balls in the air without losing focus
- Communication discipline – the importance of being clear in one's communication

More information about my role at Trafikverket can be provided at interview

October 2020 – September 2022

Customer Service Representative, Invoicing Assignment | **Postnord**

Postnord's central management for its invoice and power-of-attorney department is located in Malmö, where I worked as a customer specialist / IT advisor / Superuser in Salesforce.

- Superuser for the development of the Salesforce environment within Postnord.
- Control of import/export through the Citrix system.
- Assisting customers with enquiries such as, but not limited to, invoice returns, address updates, financial handling of incorrect invoices, credit notes, payouts, incident management and customer advice.
- Responsible for handling and creating powers of attorney for companies and private individuals.

My employment at Postnord gave me solid experience in financial responsibility, risk assessment and the development/management of IT environments (Citrix, Salesforce), as well as knowledge of power-of-attorney management.

June 2020 – September 2020

IT Support and Customer Service Support | **Bredband2 via Studentconsulting Group**

Provider of broadband, routers, mobile broadband, antivirus and telephony.
The company focuses on delivering broadband to customers with fibre connections.

- Support for broadband, routers, mobile broadband, telephony and antivirus
- IT advice and technical troubleshooting
- Sales and customer service

My employment at Bredband2 gave me the tools and mindset to develop into an experienced, service-minded IT technician. Problem solving under pressure and tight deadlines.

September 2018 – September 2019

Machine Operator | **Metso Minerals Sweden AB**

- Worked in production within mineral processing technology
- Machine handling, risk assessment and quality control
- The importance of safety, accuracy and patience in demanding work environments

Full-time employment that gave me a strong understanding of the importance of risk management and a controlled work environment, as well as the patience to handle highly detailed products.

August 2016 – June 2018

Cashier, Goods Handling and Sales | **Kitch'n – Part-time**

Kitch'n is a Nordic company focused on the sale of kitchenware and accessories.

- Unpacking goods
- Personal customer service
- Sales
- Cash register handling

Worked as needed, during school breaks, weekends and holiday periods (e.g. Black Friday)

EDUCATION

2014–2018

IT – Media and Information | Sundsgymnasiet, Vellinge

- Basic programming
- Digital communication and marketing
- IT infrastructure and server knowledge

TECHNICAL SKILLS

- **SAP P45** – Finance and invoicing system
- **Microsoft Office** – Excel, Outlook, OneDrive
- **C#** – Basic knowledge
- **Citrix NCM** – Customs system
- **Salesforce** – Superuser

More skills can be specified at interview.

LANGUAGE SKILLS
(According to the CEFR scale[2])

- **Swedish** – C2
- **English** – C2
- **Danish** – A1
- **Norwegian** – A1
- **German** – A1

PERSONAL INTERESTS

- Fitness and gym
- Reading books
- Film / film production
- Travelling, preferably to places with access to surfing or snowboarding
